SPECIAL GUEST: PETER ADAMS

Author and artist, **Peter Adams**, will be joining us from the Pacific Northwest. He and his wife Kate have put their talents together to put into print several books with valuable information specific to maples and pines, illustrated with Peter's drawings.

Well known for his talent as a painter, Peter helps his students tap into the 'right brain' where our own visual, creative, non-verbal skills reside, and find for ourselves the *bonsai* in our little trees.

In 2003 he was awarded the highest honor from the Assn of British Bonsai Artists (ABBA) for raising the standard of British bonsai to that of an art form.

THE SCHEDULE:

9:30 JIM DOYLE - Bonsai demonstration

11:00 PETER ADAMS -
Bonsai demonstration

1:30 GARY PECK -
